To All Parallax Clients Completing Treatment,

The *Parallax Alumni Association* would like to congratulate you on all your hard work and willingness to begin a new journey in your life. Though your groups and counseling at *Parallax* may be complete, the true road of recovery is just beginning. Many people with long term recovery agree that working with other people struggling in addiction is one of the most important things that help keep them sober. That is where the *Parallax Alumni Association* becomes an important part of your continuous sobriety.

As you have completed your treatment programs at *Parallax*, you are eligible to become an alumni member, with full voting rights in all of our activities. We encourage all of our clients to become active with our alumni association, which organizes events that help those in the recovery community. Our mission is to be a supportive and positive part of the transition to a lifelong journey of recovery through our activities, events, and service opportunities and alumni reunions.

Membership is not limited to those who complete treatment at *Parallax* only, our association contains the following members:

- **Alumni Member:** One who has completed treatment at Parallax Program Inc. with all voting rights.
- **Associate Member:** A member who is still active in treatment, and can serve on all committees, but does not have voting rights.
- **Friends of Alumni Member:** Members who are friends, family, and donors. Such persons are able to serve on committees, but do not have voting rights.

All of our members are encouraged to become active within our alumni association. We hold activities such as dances, bingo, games, dinners, fund raising events, and "Get to Gathers". These events not only help those in the recovery community maintain fellowship, but also help family and friends get involved. For more information on how you can get involved with our alumni association, our office is located along the south wall of the *Recovery Coffee Shop* inside the *Parallax* outpatient facility.

The *Parallax Alumni Association* would again like to congratulate you on this outstanding achievement of completion through our treatment services. We are always looking for new members, and asking old members to continue to be involved. Help us by helping others through our continued support of the recovery community.

Sincerely,

Parallax Alumni Association
